

## THE WINTON CENTRE

ARUNDEL

### Project Details

The Winton Centre has set a new benchmark in educational learning spaces on the Gold Coast.

The project includes high quality finishes and encompasses 4500sq m of learning spaces across three levels, and is located on the eastern side of the school's hockey oval.

The first floor features a magical rainforest-themed playground, three Pre-Prep classrooms, an Outside School Hours Care facility, a café and film studio.

The upper levels feature a Years 4 to 6 Library, dedicated academic research space for staff, flexible learning spaces, a deck with a view to the three-storey atrium, and a 160-seat multi-purpose lecture theatre.

Equipped with retractable seating, acoustics panels, and a fully sprung floor, the lecture theatre is an incredible location for musical performances, band practice, dance recitals and more.

Designed by Burling Brown Architects, the learning areas are colourful, vibrant and dynamic, with abundant natural light throughout. The building is adorned in the colour palette of the Australian bush, representing A.B. Paterson's strong heritage.

	Client Name: A. B. Paterson College
	Status: Completed
	Construct Only
	Education

### Works Undertaken

Some of the key components of this project are:

- Substantial cut and ground retention into existing embankment within close proximity to neighbouring properties
- Installation of soil nails and vibration / noise monitoring throughout
- Substantial post tensioned suspended structure
- Extensive high class off from concrete walls
- Large open areas within the building used for functional teaching and breakout
- Interactive Library facility iHigh quality finishes, including lighting and curved glass walls
- Rainforest themed playground
- 160-seat multipurpose lecture theatre
