

The Star Integrated Arrival

THE STAR ENTERTAINMENT GROUP | BROADBEACH QLD

Alder Constructions were engaged by The Star Entertainment Group to revitalise the aging Casino Drive and Porte Cochere. This involved a total replacement of the existing softscaping, footpath, asphalt, acoustic fencing and sandstone pavers.

Throughout the project, a complex staging process was implemented to manage the high volume of traffic, client access and conflicting building works. As a result, the Project was successfully delivered without interruption to The Star's business, patrons, staff or building construction works.
